Vane Farm Nature Centre,  
by Loch Leven,  
Kinross,  
KY13 7LX.

Our Ref : RMS/PPCC/RSPB1

30th May 1995

Dear David,

**REF : PURCHASE OF PORTMOAK MOSS**

As you will see from the attached notes, we are still making progress, albeit slowly, towards our goal. One of the actions placed on me was to see if you were in a position to help us by undertaking a more detailed survey of the birdlife in the Moss ?

Our objective is to be able to make a case (if there is one) that the Moss should be managed in such a way as to enhance both conservation and access to people. We would also argue that the woods should be run by Woodland Trust in partnership with local people.

It would also be appreciated if you could suggest anyone who might be prepared to do a similar survey of the flora in the Moss. We are currently looking for this service to be provided free although we would pay reasonable expenses.

Your help in this would be much appreciated.

Yours sincerely,

R M Spilsted (Mr)  
Community Councillor - Portmoak Parish
